(B) Policy Issues:

The following points were discussed/decided.

1. Before start of an agenda items, Chairman desired that there should be information on scheme-wise achievements/progress, liabilities, budgetary allocation etc as on date and also the scheme wise amount & number of LOIs to be sanctioned in the next financial year in order to depict the clear cut financial picture to decide the number of LOIs to be sanctioned under the Board's schemes.
2. Considering the voluminous agenda notes, it was decided that in agenda summary of each completed project, the concerned division may ensure that the scheme's operational guidelines are fulfilled from start of the project, at the time of sanctioning/ completion of the project.
3. Font of summary sheet/agenda note should be clearly visible and legible preferably decent size in Arial 12. All Amount figures should be mentioned in lakhs only and not in rupees with clear cut recommendation of the division duly signed by the concerned Area Officer and dealing officer.

4. Committee was of the view that only summary sheet should be circulated to members as hard copy in physical form and entire volumes of agenda may be sent to Computer Division before a day or two and Computer division will compile it in PDF format and mail it amongst committee members. For this, we may request the field offices for indicating email ID of the projects to the extent possible and also request promoters to arrange all related information/documents in soft copy form and send through email to NHB wherever possible which may reduce the volume of agenda.

5. Chairman also desired to prepare scheme wise success stories of NHB projects where hi-tech components have been applied by promoters in their projects to present the same before the DAC.

6. Status of NPA cases for the last 5 years ie.2006-07 to 2010-11 may be submitted.

7. Committee felt that the component(s) making/qualifying the project as hi-tech may also be properly described by joint inspection team in case of completed projects.

8. The columns in agenda summary on clear title of the land, bank consent letter whether submitted or not may be added and be confirmed by the concerned Area/Dealing Officers.

9. In PHM cases, the existing infrastructures like civil works, plant & machineries, automation should separately be mentioned with date of construction or date of purchase in pre-inspection report as well as in joint inspection report by the Officers conducting pre or joint inspections. It was also decided that proposals related to PHM/Primary Processing costing up to Rs. 50.00 lakh may be dealt at State Office as being done in case of production related projects with effect from 1st April 2013.

10. It was also desired that wherever NHB has supported/sponsored a project under scheme No. III, one page recommendations of the programme may be submitted by the organizer and in case, NHB officer has attended it, he/she may submit his comments on the programme. A condition of one page recommendation to be submitted by organizer may be added in the NHB sanction letter. These recommendations be put on NHB website for the benefit of farming community & other users. IInd installment of grant approved be released after receipt of recommendations.

The following agenda and items were placed before the committee but due to paucity of time could not be discussed.
